Dear Jonathon,

This is a note to say thank you for your assistance and service in providing your water filter for our home kitchen.

Not only has the water filter product performed perfectly and as you said it would. But the difference in water quality and taste is far superior to standard tap water.

Your knowledge and expertise in the elements in water and the health problems they cause was excellent and second to none. We appreciated you taking the time to explain the benefits of installing filtered water versus standard tap water. This made the decision to purchase a filter so much easier.

Thanks also to your prompt and attentive service in delivery and installation. We would happily use yourself and AEON Water Filters in the future.

Yours Sincerely
